

Senior Design Bi-Weekly Status Report; Fall 2023

Team Name: sdmay24-05-ResumeUp

Team Members: Elmin Didic, Nick Thomas, Nedim Hodzic, Mitchell Talyat, Nathan Boldt, Siddharthan Prakash

Report Period: Oct 9-Oct 22

Summary of Progress in this Period

We continued to work on our experiments and do in-class work as well. This included the lighting talks involving engineering design, along with the engineering design document. We also were able to individually reflect on ethics/professional conduct. Our team is working on experiences and this includes combining work experience for resume form into one total thing. Other members will be trying to focus on backend and learning how to connect a database.

Pending Issues

No pending issues

Plans for Upcoming Reporting Period

Continue working on new experiments: work experience combination, GPT work, backend connection, and resume research over correct formatting.
